THE following Act, passed by the Legislative Council of India, received the assent of the Right Honorable the Governor General on the 1st May 1857, and is hereby promulgated for general information :—

ACT NO. VI OF 1857.

An Act for the acquisition of land for public purposes.

WHEREAS it is expedient to make better provision for the acquisition of land needed for public purposes within the territories in the possession and under the Government of the East India Company, and for the determination of the amount of compensation to be made for the same : It is enacted as follows :—

I. Sections I to VII inclusive, Regulation I. 1824 of the Bengal Code ; so much of Act XXVIII of 1839 as is in force ; Act I of 1850 ; Act XVII of 1850 ; Act XLII of 1850 ; Act XX of 1852 ; and Act I of 1854—are hereby repealed, except so far as they repeal the whole or any part of any other Regulation or Act, and except as to suits or proceedings commenced, contracts made, acts done, and liabilities incurred before the passing of this Act.

II. Whenever it appears to the local Government that any land is required to be taken by Government at the public expense for a public purpose, a declaration shall be made to that effect under the signature of a Secretary to the

Government or of some Officer duly authorized to certify the orders of the Government, and such declaration shall be conclusive evidence that the purpose for which the land is needed is a public purpose ; and after making such declaration, the Government may take any such land in the manner hereinafter provided.

III. Whenever any land shall have been declared to be so required for a public purpose, the Government shall direct the Collector of the District or some other Officer specially appointed in that behalf, to take order for the acquisition of the land in the manner hereinafter provided.

IV. The Collector or other Officer shall thereupon cause the land to be marked out and measured, and a plan to be made of the same. After the land has been so marked out and measured, he shall cause a notice to be affixed in some conspicuous place upon the land, and published by proclamation in the neighbouring bazars and villages, to the effect that the land is about to be taken by Government for a public purpose ; and shall also give notice to the same effect to the occupier (if any) of such land, and to all such persons known or believed to be interested therein or to be entitled by Section XXXVIII of this Act to act for persons so interested as shall reside or have agents within the Collectorate or other Revenue District in which the land is situate by serving such notice on such persons or their agents. Such notice shall contain a citation calling on all persons interested in the land to appear personally or by agent at a time and place therein mentioned, such time not being less than fifteen days after the date of publication of the notice, and to state the

nature of their interests in the land and the amount and particulars of their claims to compensation for the same.

The award shall be final and conclusive in regard to the value of the land and the amount of compensation for the same; and also in regard to the apportionment (if any) of the compensation among the persons who have agreed thereto. The Collector or other Officer may, if no claimant shall attend pursuant to the notice, or if he shall think fit for any other cause, postpone the enquiry to a day to be fixed by him and notified in the manner provided in the preceding Section.

VIII. When the Collector or other Officer has made an award or directed a reference to arbitration, he may take immediate possession of the land which shall thenceforward be vested absolutely in the Government, free from all other estates, rights, titles, and interests.

IX. If the Collector or other Officer is opposed or impeded in taking possession of such land, he shall apply to the Magistrate who shall enforce the surrender of the land.

When any case is referred to arbitration, the Collector or other Officer, and the person interested in the land, shall, unless they concur in the appointment of a single arbitrator, each appoint one arbitrator; if there be several persons having a joint interest in the land, and they cannot agree in the appointment of an arbitrator, such disagreement shall be deemed a refusal to appoint within the meaning of the next following Section.

Appointment of arbitrators.

Clause 2. If there be several persons having distinct and separate interests in the land, and they cannot agree in the appointment of an arbitrator on their behalf, it shall be competent to the Collector or other Officer (subject to the orders of the Commissioner or other superior Revenue authority) to refer the question of the compensation to be allowed for each of such distinct and separate interests to a separate arbitration, or to select any one of the persons interested whose interest appears to him to qualify such person to represent the others; and the person so selected shall appoint an arbitrator on behalf of all the persons interested.

In every case the appointment shall be in writing, and neither of the parties to the arbitration shall have power to revoke the same without the consent of the other.

The arbitrators may by consent determine the proportions in which the persons interested are entitled to share in the amount of compensation awarded.

XV. When the Collector or other Officer and the persons interested in the land agree as to the amount of compensation, or when such amount shall have been settled by arbitration, if any dispute shall arise as to the apportionment of the same or any part thereof, it shall be competent

to the Collector or other Officer, with the written consent of all persons interested in the matter in dispute, to refer the same to arbitration. If the parties cannot agree with respect to the nomination of the arbitrators, or if the persons nominated by them shall refuse to accept the arbitration, or, having accepted it, shall refuse to act, and the parties are desirous that the nomination shall be made by the Collector or other Officer, he shall appoint some proper person or persons to arbitrate the matter. The provisions of this Act relating to arbitrators appointed under Sections X and XI and to the proceedings of such arbitrators shall be applicable to persons appointed arbitrators under this Section.

XVI. After the arbitrators have accepted the appointment, the Collector or other Officer shall be competent to exercise towards them such powers and authority for securing their attendance and the due completion of their award, as the Collector may legally exercise towards witnesses summoned before him when acting judicially for the purpose of compelling them to attend and give evidence.

XVII. If no award be made within a period to be fixed for that purpose by the Collector or other Officer, he may order that the matter shall be referred to a nether arbitrator or other arbitrators to be chosen in the same manner and subject to the same rules as the first.

XVIII. The Collector or other Officer shall furnish the arbitrators, or so far as may be in his power procure for them, any information which his records or those of any public department may afford connected with the subject of enquiry. He shall, on the application of the arbitrators, summon any witnesses whom the arbitrators may call for and whom the parties may not be able to produce before them without such process, and require the persons so summoned to bring and produce before them all such books, papers, deeds, writings, maps, and plans as they shall require. Persons so summoned shall be subject to all the provisions of the laws in force regarding persons summoned as witnesses before the Collector when acting judicially.

XIX. Every witness examined before the arbitrators shall be examined upon oath or affirmation to be administered by or made before the said arbitrators.

XX. On the close of the enquiry, the arbitrators or a majority of them shall deliver a full and complete award in respect of the matter referred to them, and shall therein specify (as the nature of the case may require) the amount and particulars of compensation awarded by them, the persons entitled to compensation, and the proportions in which they are so entitled.

XXI. The arbitrators on making their award shall be entitled to reasonable fees for their services, the amount of which shall be fixed by the Collector or other Officer subject to the orders of the Commissioner or other superior Revenue authority.

XXII. The award shall declare the costs of the arbitration and by whom and in what proportion they shall be paid. All costs, including the fees of the arbitrators, incurred for the purpose only of determining the amount of compensation to be allowed for the land, shall be charged to the Government, unless the arbitrators shall award as compensation the same or a less sum than shall have been offered by the Collector or other Officer, in which case each party shall bear his own costs so incurred and shall also pay a moiety of the fees of the arbitrators. Costs incurred for determining the apportionment of the compensation among the persons interested shall be paid by such persons in such proportions as the arbitrators shall direct.

XXIII. The proceedings of the arbitration shall be deposited in the office of the Collector or other Officer; and every person interested therein shall be entitled to a copy of the award on plain paper under the seal and signature of the Collector or other Officer, which copy shall be *prima facie* evidence thereof.

XXIV. When any land is taken under the provisions of this Act, the amount of compensation to be awarded shall include any damage which may be sustained by any of the persons interested therein in respect of any adjoining land held therewith.

XXV. If any compensation beyond the value of the land be awarded on account of any damage which may be sustained by any person interested in the land, the award shall specify the value of the land and the amount of such damage separately, and also the name of the person to whom compensation for damage is awarded.

XXVI. When any land taken under this Act forms part of an estate paying revenue to Government, the award shall specify the net rent of the land including the Government Revenue, and the computed value of such rent: and it shall be at the discretion of the Revenue authorities either to pay over the whole of such value to the owner of the estate on the condition of his continuing to pay the jumma thereof without abatement; or to determine what proportion of the net rent shall be allowed as a remission of revenue, in which case a deduction shall be made from the said value proportionate to the value of such remission.

XXVII. When the amount of compensation to be paid for land taken under the provisions of this Act is determined by the award of the Collector or other Officer under Section V, he shall pay the amount awarded

Amount of compensation when and how to be paid.

at the time when possession is taken of the land on account of Government. When the compensation is determined by the award of arbitrators under Section XX, the Collector or other Officer shall pay the amount awarded with interest at the rate of six per centum per annum from the time when possession was taken of the land on account of Government.

XXVIII. Except, as provided in the next following Section, payment of the compensation shall be made, according to the award, to the persons named therein. Provided always that nothing in this Act contained shall affect the liability of any person who may receive the compensation awarded for any land or any portion of such compensation to pay the same to the person lawfully entitled thereto.

XXIX. If there exist any ground which, in the judgment of the Collector or other Officer, renders it improper to make immediate payment of the compensation, or of any portion thereof, to any of the persons having or claiming any interest in the land or in the compensation awarded in respect thereof, the amount, or such portion of the amount as he may deem sufficient, shall be invested in Government Securities, and held in deposit until an order of Court shall be obtained for the payment thereof. Such order shall be obtained in the Court which would have had jurisdiction in respect of the land taken.

XXX. If the land taken be within the local limits of any of Her Majesty's Supreme Courts of Judicature, and the amount of compensation awarded do not exceed five hundred Rupees, the order may be made by the Court of Small Causes.

XXXI. No award of arbitrators made in accordance with the provisions of this Act, shall be liable to be reversed or altered, except by the decision of a Civil Court on the ground of corruption or misconduct of the arbitrators. In case the award shall be so reversed, the matter shall be referred to another arbitrator or other arbitrators to be appointed in the same manner as the first. All suits to set aside an award under this Act shall be instituted within three months from the date of the award.

XXXII. The provisions of this Act shall not be put in force for the purpose of acquiring a part only of any house or other building or manufactory, if the owner desire that the whole of such house, building, or manufactory shall be taken.

XXXIII. Whenever any land is needed for a road, canal, railway, or the like, and the local Government makes the declaration provided in Section II, it shall not be necessary to specify the extent, limits, or position of the land, but it shall be sufficient to declare the general direction of the line of the work and the average breadth of the land required for the same.

XXXIV. When any declaration has been made under the provisions of Section II of this Act, the Collector or other Officer may authorize any person, with his servants and workmen, to enter upon the land for the purpose of making a survey thereof; and in the case of a road, canal, or railway, to set out the intended line thereof, and to mark such line by cutting a trench or placing land-marks; and where otherwise the survey cannot be completed, and the line marked, to cut down and clear away any part of any jungle or tope of trees in the direction of the intended line. Provided that no person shall enter into any house or building or upon the curtilage of any house or any enclosed garden (unless with the consent of the occupier thereof) without previously giving the said occupier twenty-four hours' notice of his intention to do so.

XXXV. It shall be the duty of the Collector or other Officer to take account of all necessary damage done as aforesaid, and forthwith to offer payment for the same to the persons interested. In case the offer is not accepted, the damage shall be allowed for in the compensation to be awarded.

XXXVI. Whoever wilfully obstructs any person in lawfully setting out the line of any road, canal, or railway, or wilfully destroys, damages, or displaces any land-mark, or effaces or fills any trench intended to mark such line, shall, on conviction, be liable to be imprisoned for any term not exceeding six months, or to fine not exceeding two hundred Rupees, or to both.

Legislative Council.

The 9th May 1857.

THE following Bill was read a second time in the Legislative Council on the 2nd May 1857, and was referred to a Select Committee, who are to report thereon after the 13th of August next:—

A Bill to make lawful compulsory labor for the prevention of mischief by inundation, and to provide for the enforcement of customary labor to certain works of irrigation in the Presidency of Fort Saint George.

WHEREAS the safety of person and property is endangered by inundations caused by sudden breaches of the embankments of tanks, rivers, and canals, and of anicuts and other like works, and it is necessary for the common good to make it obligatory on persons of the laboring classes, when duly called upon, to unite their labor to prevent such breaches, or to repair them instantly; and whereas it is expedient to make legal provision for the enforcement of the duty which by local custom is incumbent on village communities to furnish the labor required for the execution of certain works for the purpose of irrigation and drainage; It is enacted as follows:—

I. Whenever it shall appear to the Officer in charge of any tank, river, or canal, or of any anicut or other like work, that there is imminent danger of the embankment of such tank, river, or canal being breached, or of a breach being made in such anicut or other work, and of a destructive inundation being caused thereby which may be prevented by a large body of laborers immediately working together to strengthen the embankment or other work; or when such a breach has occurred, if it shall appear to such Officer that it can be repaired and the inundation caused by it be stopped by the immediate employment of a large body of laborers for that purpose—it shall be lawful for such Officer to require the head or heads of the village or villages in the vicinity to call upon all able-bodied male persons of the laboring classes in such village or villages to co-operate in the work necessary for preventing or repairing the breach as the case may be. In the absence of the said Officer it shall be lawful for the Tehsildar of the talook to make such requisition in his stead. And if neither the said Officer nor the Tehsildar is on the spot, and the emergency is great and urgent, it shall be lawful for the head of the village in which the breach is expected to occur or has occurred, of his own motion to call upon the laborers as aforesaid of his own village and, if needful, to make a requisition to the heads of the neighbouring villages to call likewise upon the laborers of their villages to co-operate in the work necessary for preventing or repairing the breach.

II. Any male person of the laboring classes being duly called upon by the head of his village to labor as aforesaid, who shall refuse or neglect to comply with such call without any lawful

excuse, shall be punished with a fine which may extend to one hundred Rupees, or with simple imprisonment which may extend to one month, or with both.

III. Every person who shall be employed on such work under such requisition shall be paid for his labor by day at the highest rate paid in the neighbourhood for similar work, and if he is required to work at night at double such rate.

IV. Payment shall be made to the laborers from the public Treasury; and if the laborer shall have been employed upon a work belonging to a private person, the amount advanced from the Treasury shall be recoverable from such person by the same means which may be lawfully used for the recovery of arrears of Land Revenue.

V. It shall be lawful for heads of villages, on the requisition of the Officer in charge of such works as aforesaid, or in his absence on the requisition of the Tehsildar, or in case of emergency, when neither such Officer nor the Tehsildar is on the spot, of their own motion, to make requisitions upon the inhabitants of their villages for the supply of materials, to wit, coconut trees and leaves, bamboos, straw, and the like, necessary for stopping breaches in the embankments of tanks, rivers, and canals, and to take such articles wherever they may be found, giving receipts for them in writing; such supplies shall be paid for from the public Treasury at the highest prices which can be obtained for such articles in the neighbourhood; and when the work for which they are used belongs to a private person the amount advanced from the Treasury shall be recoverable from him by the same means by which arrears of Land Revenue are recoverable.

VI. Whenever by local custom any work for the purpose of irrigation or drainage or connected therewith is usually executed by the joint labor of a village community, any person bound to contribute labor to such work, who refuses without reasonable cause to comply with a requisition for such customary aid made to him by the head of the village under the orders of the Tehsildar or other superior Revenue Officer, shall be liable to pay any expense incurred in the execution of the work by reason of his default. The amount of such expense shall, in case of dispute, be determined summarily by a village or District punchayet assembled by order of the Collector through the Village or District Moonsiff according to the rules for assembling such punchayets prescribed in Regulations V and VII of 1816. The amount awarded by the punchayet shall be payable on demand; and on non-payment the same may be levied by distress and sale of the goods of the defaulter, or may be recovered by the same means by which arrears of Land Revenue are recoverable.

Fort William, 19th May 1857.

No. 696 of 1857.—The Right Hon'ble the Governor General of India in Council is pleased to re-publish, in General Orders, the following Proclamation issued from the Home Department:—

No. 952.

*Fort William, Home Department,
The 16th May 1857.*

Proclamation.—The Governor General of India in Council has warned the Army of Bengal, that the tales by which the men of certain Regiments have

been led to suspect that offence to their Religion or injury to their Caste is meditated by the Government of India are malicious falsehoods.

The Governor General in Council has learnt that this suspicion continues to be propagated by designing and evil-minded men, not only in the Army, but amongst other classes of the people.

He knows that endeavors are made to persuade Hindoos and Mussulmans, Soldiers and Civil Subjects, that their Religion is threatened secretly, as well as openly, by the acts of the Government, and that the Government is seeking in various ways to entrap them into a loss of Caste for purposes of its own.

Some have been already deceived and led astray by these tales.

Once more then the Governor General in Council warns all classes against the deceptions that are practised on them.

The Government of India has invariably treated the religious feelings of all its subjects with careful respect. The Governor General in Council has declared that it will never cease to do so. He now repeats that declaration, and he emphatically proclaims that the Government of India entertains no desire to interfere with their Religion or Caste, and that nothing has been, or will be done by the Government to affect the free exercise of the observances of Religion or Caste by every class of the people.

The Government of India has never deceived its subjects, therefore the Governor General in Council now calls upon them to refuse their belief to seditious lies.

This notice is addressed to those who hitherto, by habitual loyalty and orderly conduct, have shown their attachment to the Government and a well-founded faith in its protection and justice.

The Governor General in Council enjoins all such persons to pause before they listen to false Guides and Traitors who would lead them into danger and disgrace.

By order of the Governor General of India in Council,

CECIL BEADON,
Secy. to the Govt. of India.

The above Proclamation is to be carefully translated and explained to the whole of the Troops at a General Parade, and subsequently at the head of each Troop and Company of Natives on three successive days.

No. 697 of 1857.—The Right Hon'ble the Governor General of India in Council is pleased to make the following appointment:—

Colonel Sir H. M. Lawrence, K. C. B., of the Regiment of Artillery, Honorary Aide-de-Camp to the Queen, Agent to the Governor General and Chief Commissioner in Oude, to be a Brigadier General, with effect from the 16th instant.

No. 698 of 1857.—At a time when disaffection, excited by unfounded and unreasonable mistrust, prevails, the Governor General in Council has the satisfaction to find that conspicuous instances of loyalty and of attachment to the Government have occurred in the Ranks of the Native Army of Bengal.

His Lordship in Council desires, therefore, not only to acknowledge and to reward those who thus distinguish themselves, but also to express his conviction that, in the ranks of this well-tried and heretofore faithful Army, many will evince, by meritorious deeds, their unflinching allegiance to the State and to the Colors, which they have sworn to defend.

In order that the reward for eminent gallantry, loyalty and good conduct may be prompt, and be conferred on the Soldier in the sight of his comrades, the Governor General in Council is pleased to empower

His Excellency the Commander-in-Chief,
The Lieutenant-Governors of Bengal and the North-Western Provinces,
The Chief Commissioners in Oude and the Punjab,
The Governor General's Agents in Central India and Rajpootana,
General Officers in Command of Divisions, Brigadiers, being the Senior Officer present, and Officers in separate Command of bodies of Troops and Detachments consisting of two or more Regiments, to promote to the Commissioned Ranks of the Army any Non-Commissioned Officer or Soldier, who, by eminent gallantry, or by any conspicuous act of devotion to the State, shall merit such distinction.

The same Authorities, and the Commanding Officers of all Corps and Detachments, are authorized to promote to the Non-Commissioned Ranks any Soldier who shall, in like manner, prove himself worthy of that reward.

Officers and Non-Commissioned Officers promoted under the operation of this Order will be returned as Supernumeraries and be brought on the Effective Strength as vacancies occur.

The Governor General in Council is further pleased to authorize

His Excellency the Commander-in-Chief,
The Lieutenant-Governors of Bengal and the North-Western Provinces, and
The Chief Commissioners in Oude and the Punjab,

to admit Native Officers and Soldiers to the "Order of Merit," in cases of distinguished gallantry or exemplary loyalty to the State.

GENERAL ORDERS BY THE RIGHT HONORABLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

Fort William, 19th May 1857.

No. 696 of 1857.—The Right Hon'ble the Governor General of India in Council is pleased to re-publish, in General Orders, the following Proclamation issued from the Home Department :—

No. 952.

Fort William, Home Department,

The 16th May 1857.

Proclamation.—The Governor General of India in Council has warned the Army of Bengal, that the tales by which the men of certain Regiments have been led to suspect that offence to their Religion or injury to their Caste is meditated by the Government of India are malicious falsehoods.

The Governor General in Council has learnt that this suspicion continues to be propagated by designing and evil-minded men, not only in the Army, but amongst other classes of the people.

He knows that endeavors are made to persuade Hindoos and Mussulmans, Soldiers and Civil Subjects, that their Religion is threatened secretly, as well as openly, by the acts of the Government, and that the Government is seeking in various ways to entrap them into a loss of Caste for purposes of its own.

Some have been already deceived and led astray by these tales.

Once more then the Governor General in Council warns all classes against the deceptions that are practised on them.

The Government of India has invariably treated the religious feelings of all its subjects with careful respect. The Governor General in Council has declared that it will never cease to do so. He now repeats that declaration, and he emphatically proclaims that the Government of India entertains no desire to interfere with their Religion or Caste, and that nothing has been, or will be done by the Government to affect the free exercise of the

observances of Religion or Caste by every class of the people.

The Government of India has never deceived its subjects, therefore the Governor General in Council now calls upon them to refuse their belief to seditious lies.

This notice is addressed to those who hitherto, by habitual loyalty and orderly conduct, have shown their attachment to the Government and a well-founded faith in its protection and justice.

The Governor General in Council enjoins all such persons to pause before they listen to false Guides and Traitors who would lead them into danger and disgrace.

By order of the Governor General of India in Council,

CECIL BEADON,

Secy. to the Govt. of India.

The above Proclamation is to be carefully translated and explained to the whole of the Troops at a General Parade, and subsequently at the head of each Troop and Company of Natives on three successive days.

No. 697 of 1857.—The Right Hon'ble the Governor General of India in Council is pleased to make the following appointment :—

Colonel Sir H. M. Lawrence, K. C. B., of the Regiment of Artillery, Honorary Aide-de-Camp to the Queen, Agent to the Governor General and Chief Commissioner in Oude, to be a Brigadier General, with effect from the 16th instant.

No. 698 of 1857.—At a time when disaffection, excited by unfounded and unreasonable mistrust, prevails, the Governor General in Council has the

satisfaction to find that conspicuous instances of loyalty and of attachment to the Government have occurred in the Ranks of the Native Army of Bengal.

His Lordship in Council desires, therefore, not only to acknowledge and to reward those who thus distinguish themselves, but also to express his conviction that, in the ranks of this well-tried and heretofore faithful Army, many will evince, by meritorious deeds, their unflinching allegiance to the State and to the Colors, which they have sworn to defend.

In order that the reward for eminent gallantry loyalty and good conduct may be prompt, and be conferred on the Soldier in the sight of his comrades, the Governor General in Council is pleased to empower

His Excellency the Commander-in-Chief,
The Lieutenant-Governors of Bengal and the North-Western Provinces,
The Chief Commissioners in Oude and the Punjaub,
The Governor General's Agents in Central India and Rajpootana,
General Officers in Command of Divisions, Brigadiers, being the Senior Officer present, and Officers in separate Command of bodies of Troops and Detachments, consisting of two or more Regiments, to pro-

mote to the Commissioned Ranks of the Army any Non-Commissioned Officer or Soldier, who, by eminent gallantry, or by any conspicuous act of devotion to the State, shall merit such distinction.

The same Authorities, and the Commanding Officers of all Corps and Detachments, are authorized to promote to the Non-Commissioned Ranks any Soldier who shall, in like manner, prove himself worthy of that reward.

Officers and Non-Commissioned Officers promoted under the operation of this Order will be returned as Supernumeraries and be brought on the Effective Strength as vacancies occur.

The Governor General in Council is further pleased to authorize

His Excellency the Commander-in-Chief,
The Lieutenant-Governors of Bengal and the North-Western Provinces, and
The Chief Commissioners in Oude and the Punjaub,

to admit Native Officers and Soldiers to the "Order of Merit," in cases of distinguished gallantry or exemplary loyalty to the State.

No. 91.

Fort William, Public Works Department,
PUBLIC,

The 26th May 1857.

Transfer.—Mr. W. Willmot, C. E., 4th Class Executive Engineer, Umballa Division, is placed in charge of the Umritsur Drainage Works, *vice* Mr. Rickards, who has proceeded to Europe on leave on Medical Certificate.

NOTIFICATION.—With a view to affording the junior Officers in the Engineer Branch of the Public Works Establishments a longer period for qualifying themselves in the knowledge of the Native languages, the Right Hon'ble the Governor General in Council is pleased to direct that a fair colloquial knowledge of Hindoostanee shall be considered to be one of the necessary qualifications for appointment to the grade of Probationary Assistant Engineer, and that the more advanced examination shall not be rendered imperative, excepting on promotion to the rank of Special Assistant or Executive Engineer of the 4th Class.

The following modifications are consequently made in the Orders of the 17th June 1856 :—

OLD RULE.

Para. 65. Candidates for employment as Probationary Assistant Engineers, not being Commissioned Officers, must pass the examination on professional subjects laid down for Commissioned Officers, and must also give proof that they have received a liberal education, to which end they must produce satisfactory evidence of having graduated at some recognized University, or must pass the examination laid down in G. O. P. C. No. 244, of 19th April 1851, omitting the subject of fortification.

69. In all ordinary cases, Probationary Assistant Engineers will be examined as to their fitness for promotion to Assistant Engineer. If Engineer Officers, they must, before they can be examined, have served one year in India. If not Engineer Officers, they must have served one year as Probationary Assistant Engineers. Every Probationary Assistant Engineer, before he can be examined for promotion, must be favorably reported on by his official superiors, *and must have passed the examination in the Hindoostanee language contemplated by G. O. G. G. 9th January 1837, or a similar examination in the language of the District in which he is to be employed.* The examination which each will be required to undergo before he can be promoted, will be such as to show that he is capable of preparing designs and estimates for all descriptions of buildings and works usually required of Executive Engineers; that he is acquainted with the processes for preparing materials and with the modes of construction in use in India; that he has a good knowledge of the resources of the Districts in which he may have been employed, as to materials and of the best mode of applying them; and that he understands the management of work-people; also, that he has made himself acquainted with the Rules and understands the Forms of Account in use in the Department.

73. The appointment of an Executive Engineer to a particular class of that grade will depend on the services and merit of the individual and not on the particular charge he holds. Accuracy in keeping and punctuality in rendering accounts of expenditure will be particularly looked to in considering an Officer's claim to promotion in the Department.
